

Exhibits, Pavilions, Exhibition Stands

Experienced and Reliable.

Trade fair stands and exhibitions, pavilions and temporary event halls – our vast experience from numerous projects makes us your ideal and reliable partner, who can give form to even the most extraordinary concept – anywhere and in any size. We support our clients and partners on every step along the way: From the initial idea and concept to work schedules and final implementation. We are always committed to find the most cost-effective, premium quality solution.

Quick response times and flexibility – these traits are possible only with own production facilities. We operate next generation workshops for the coating and processing of wood and metal. We integrate local partners for service provision outside our core markets, and can therefore fall back on a tried and tested network of suppliers as needed.

Solutions for Exceptional Pavilions and Halls.

On the basis of our extensive experience in pavilion and hall construction, we can provide highly sophisticated architectural solutions. In close cooperation with our clients and creative partners, NUSSLI will create structures that seem impossible at first glance.

We employ all types of construction methods and space profiles with wood, steel and other materials to create pavilions and halls, as well as conversions and extensions of existing structures. The know-how from past projects of exceptional quality allows us to implement our competence directly – economically, creatively, and safely.

Our service portfolio for pavilion and hall construction includes:

- Single-storey pavilions
- Multi-storey pavilions
- Mobile pavilions
- Event structures with scaffolding
- Light-frame construction halls
- Event halls

Tailor-made Exhibition Stand Construction.

The planning and implementation of tailor-made exhibition stand constructions is among our core competences. Supported by our own production facilities for metal and woodwork, our services are exceptionally fast and efficient. We produce and build exhibition stands for international trade fairs. Where feasible, we will also reutilize existing construction systems and materials for your new stand solution.

Our service portfolio for exhibit construction includes:

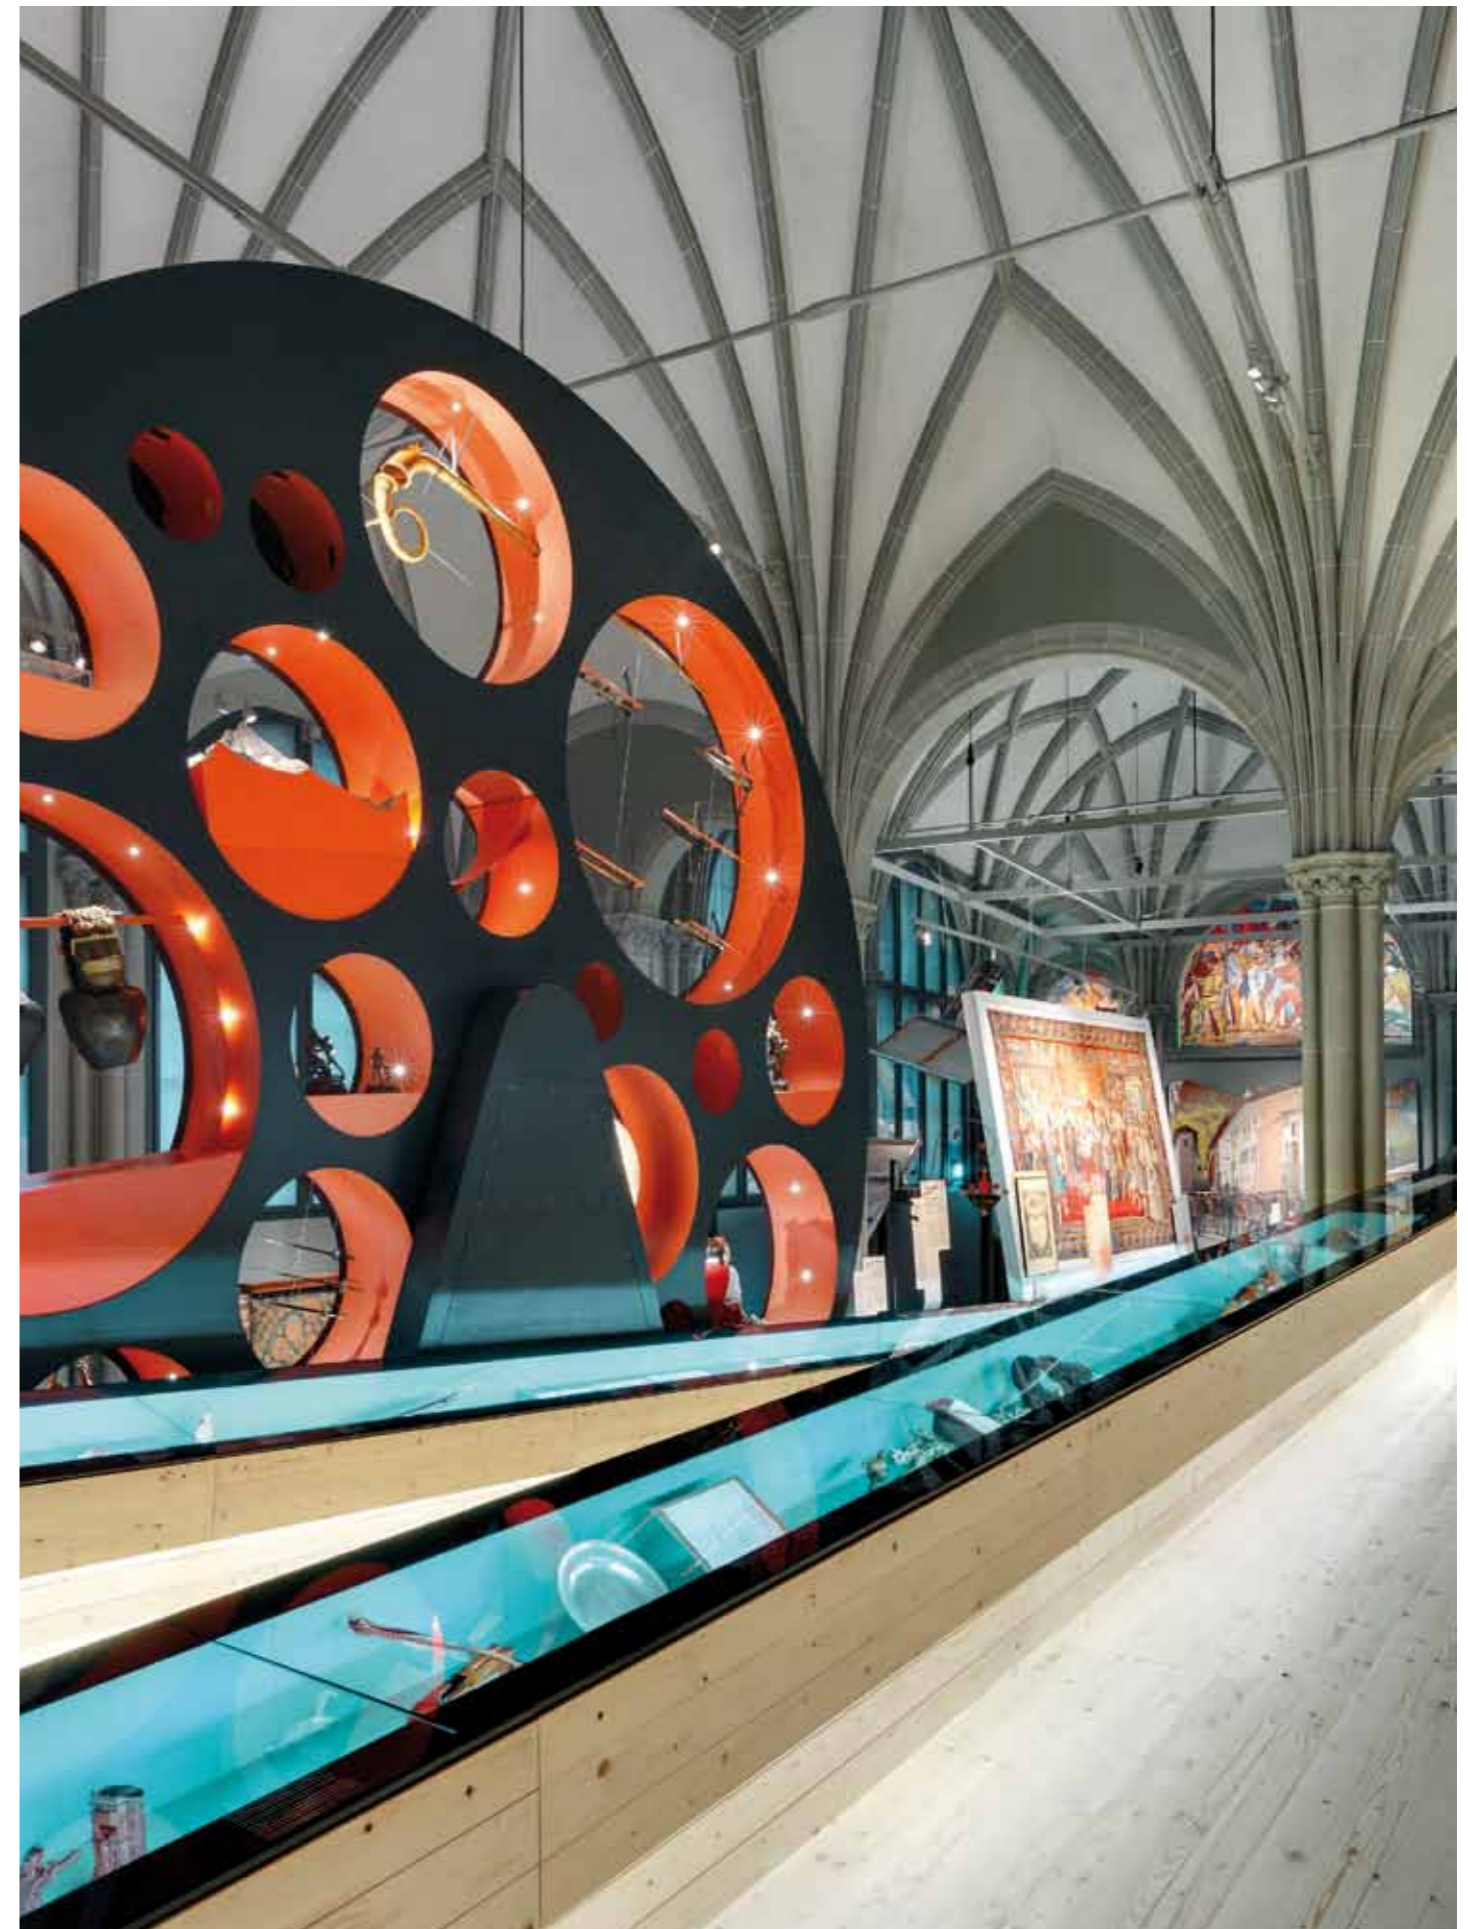

- Custom exhibition stands
- Modular exhibition stands
- Two-storey exhibition stands
- Mobile structures for road shows

Structures for Memorable Exhibitions.

Extraordinary presentations require exceptional backdrops – be it for temporary or permanent exhibitions, product presentations or art installations. Our highly experienced technical teams and tried and tested partnerships allow us to implement our innovative concepts with efficiency. We create moving facades, accessible sculptures, museum installations or topical exhibition experiences. We are perfectionists and always on the lookout for new and exciting challenges.

Our service portfolio for exhibition and museum construction includes:

- Facades
- Sculptures

Convincing Arguments.

Our strength is the creative implementation of ambitious designs – and we are used to pushing the envelope. We create temporary structures in the most unusual locations. Our own production facilities for wood and metal work and the vast experience from countless international projects help guarantee seamless implementation. Work safety is an important consideration in everything we do. Our actions are always focused on our clients and optimized solutions – to the benefit of everyone concerned. We take on full responsibility for logistics, installation and removal. Where required, we will take on the role of general contractor and with it the responsibility for the entire project – economically, on time, and reliably.

Impressive Credentials.

Numerous testimonials and many international awards document the trust and confidence placed in our competence in the area of temporary and modular structures by companies, organizations, event organizers, and associations. All these clients have the highest expectations and requirements for quality, safety, and cost-efficiency. That is why they place their trust in NUSLLI.
